Announcement of Expanded Capabilities

Customers,

We are pleased to announce our continued growth and scope in Chemical Processing.

Chemfilm: We have expanded our scope in both traditional **Gold** coating, and the ROHS compliant **Clear** coating. Our extra-large, over 500-gallon tanks can handle the big jobs, or the big parts. Our experience goes back many years with processing Chemical Conversion.

Paint and Powder coat: We now have 9 huge booths, plus our several hundred feet automated line which includes phosphate cleaning and oven curing. We expertly provide CARC, Dry Film, and many specialty coatings.

Sand Blasting, Chemical Stripping, and Silk-screening processes have also been enhanced.

Our approvals include:

As always, we will continue to give excellent value including:

- Short lead times, utilizing 2 full shifts
- Customized costing to your needs
- Certified quality performance
- Our commitment to continuous improvement

Please give us an opportunity to show you how we can be a truly value-added supplier for years to come. I can be contacted directly about our scope at 480-276-9954.

Visit us on our website at www.performancecoating.com

Best Regards,

Ron Courey
